

## Statement on military coup in Myanmar

Date: February 18, 2021

Myanmar Development Foundation is standing with the people of Myanmar to end the atrocity of military coup. Myanmar Development Foundation also denounce the unlawful act of military coup detaining Aung San Suu Kyi, the leader of Myanmar and other elected senior government officials including civil society members. We strongly urge the military generals to release those detainees unconditionally, relinquish the power they seized, and recognize the result from November 8th election.

Myanmar Development Foundation will follow the policies and guidelines imposed by the United States government that sanction on military generals, their businesses and associates in Myanmar who directed the coup.

Myanmar Development Foundation
